

AGRI VENTURES FZE
Let's grow the Future

CROP PROTECTION PORTFOLIO

THE GENESIS

The company's journey began in 1988 when Mr. Avtar Singh Gujral established a strong foundation. Later, it was seamlessly transitioned into the capable hands of his son, Mr. Charanjeet Singh Gujral, a chemical engineer from IIT Mumbai. Initially, the company focused on pesticides manufacturing. Over time, Agri Ventures FZE has evolved into a high-quality manufacturer and global supplier of a wide range of formulated and technical agrochemicals, fertilizers, sprayer pumps, quality equipment, animal feed, and premixes, serving farmers across the globe. This evolution reflects our commitment to growth, innovation, and meeting the evolving needs of our customers.

OUR INFRASTRUCTURE

We have strategically positioned our infrastructure to support our global operations and meet the needs of our clients.

Head Office: Business Bay, Dubai, UAE

Manufacturing units: Hamriyah Free Zone Sharjah, UAE, Ras Al Khaimah, UAE, Ludhiana, India

Distribution & Warehousing: We maintain distribution and warehousing facilities in Africa, the Middle East, and India to ensure efficient supply chain management. To further enhance our capabilities, we have initiated forward integration efforts by establishing a streamlined distribution infrastructure in regions across Central Asia and the South East Asia. This robust infrastructure allows us to provide top-notch products and services to our clients while effectively managing our global supply chain.

OUR GLOBAL FOOTPRINTS

Agri Ventures FZE is dedicated to the prosperity of agriculture through innovation, quality, and sustainability. We invite you to partner with us in nurturing a thriving and sustainable agricultural future.
